

<p>Reports</p>	<p>ASH-2019-0022: incident was very detailed, team discussed move for patient, proactive measure appreciated</p> <p>ASH-2019-0092: restraint with patient led to chemical reaction, patient would not take meds, team continued to try to help individual, helping patient remained focus</p> <p>ASH-2019-4649: thorough documentation, patient restricted as safety measure, proactive care appreciated</p> <p>ASH-2019-4732: patient fall investigated, was push from staff, person let go, appropriate safety measures taken, handled appropriately</p> <p>ASH-2019-4702: self-harm leading to wounds, transferred immediately, quick and exceptional action by team</p> <p>Overall reports were positive, appropriate, and justified, voting postponed until potential member</p>	
<p>ASH Administration</p>	<p>Kathy, Rebecca, Laurie met with admin</p> <p>Admin agreed to meetings and conversations and to provide answers. No concerns this month, meeting was not requested at this time</p> <p>Member suggested to write a letter sharing appreciation/support to Dr. Dingle (CMO) as appreciation for contributions to community and work</p>	<p>Motion, Kathy Second, Alyce Roll call, unanimous</p> <p>Subcommittee will form to write letter and present at next meeting</p>
<p>Membership</p>	<p>New request from Forensic Patient</p> <p>New member application, RN, not</p>	

	in attendance IOC will wait to vote until member attends and confirms interest	
Site Visit Report	Information shared about visit, patient was occasionally unhappy, but overall making progress, he would like a more solid plan about discharge, no concerns at this time	
Prepare for return of Forensic population	Forensic side more likely to advocate for themselves, IOC needs to be aware of tendencies. Still need to spend time with civil patients as they need more support. Visits will continue to facilitate more patients reaching out to IOC	Continue civil visits
Call to Public/Public Comment	No public attendees	
Adjournment		Motion, Alyce Second, Natalie Roll Call, unanimous
Executive session	None
